- Fuel efficient
- Heavy duty skids
- Long life flexible coupling
- Harness extension for remote control panel available
- Compact
- Low vibration
- Complete guard protection for all moving parts
- Low oil, high temperature safety shut down

SIEB PTO generators are flex coupled in-line with diesel engines. Our precision alignment construction helps to reduce vibration, heat, noise and wear and tear.

We have over 36 years of experience in magnetic material handling applications. SIEB offers a line of diesel engine driven gensets that are designed for the duty you demand.

We also offer gasoline and hydraulic engine driven gensets, as well as self-contained units.

| SE33LD2 | 33 | 1750 |
| SE40LD2 | 40 | 1750 |

### OPTIONS AVAILABLE

| PART #       | DESCRIPTION   |
|--------------|---|
| SE[*]LD-SSD  | Diesel Engine Safety Shut Down, Low Oil Pressure & High Temperature |
| SE[*]LD-HEXT | Harness Extension, 78", w/Safeties                                  |
| SE5LD-IMN    | Isolating Mounts, Neoprene, for 5kW                                 |
| SE10LD-IMN   | Isolating Mounts, Neoprene, for 10kW                                |
